FALL
1943

Dear Customer . . .

It is our pleasure to send you our 1943 copy of our bulb catalog. When Holland was invaded we had to change our plans and start growing bulbs in this country. In the beginning it was with some difficulty as the bulbs were not quite as large as those received from the Netherlands before, but lately we have succeeded in growing a very satisfactory article. The letters we have received from our different customers telling us how beautiful our Hyacinths and Tulips were this spring, assure us of this. We can positively guarantee you satisfaction from the Long Island grown bulbs.

The stock of bulbs is going to be very scarce during the war, so we are asking you to please mail your order as early as possible and not to wait until the last moment. Your bulbs will be shipped to you after September 15th with the exception of Lily bulbs, which will be shipped during the month of October.

Again we have kept our price as low as possible so that everybody can enjoy these flowers in his garden.

Gentlemen: The bulbs which I ordered from you last fall have turned out so beautiful that I feel I must send you a line of appreciation. First the jonquils and since then the Tulips. These have been so wonderful that everyone comments on them, and my sister, who is in the hospital, wonders if she is dreaming when she sees the Picotee for she says it is more of Heaven than earth. Fantasy, which bloomed first, was gorgeous. Friends could hardly believe that it was a Tulip. If the Gladioli turn out half so well, we have a treat in store.

Faithfully,

Signed, ANNE JONES GEARY.

BICOLOR varieties have creamy or pure white perianth segments and yellow trumpets.

BARRI varieties have light or deep yellow perianth segments and an expanded crown instead of a trumpet, which is light or deep with red or orange edge.

INCOMPARABILIS varieties have light or deep yellow segments, a crown of light or deep yellow very similar to a short trumpet.

LEEDSI varieties always have white segments, while the crowns are white or light yellow. They are very dainty.

POETICUS. Snow-white segments, crowns usually heavily rimmed orange or scarlet with a green eye in the center of crown.

POETAZ. Cluster-flowered in white, light or deep yellow. Some varieties have orange or red-rimmed small crowns.

JONQUILS. Usually bear small flowers in small or large clusters on one stem, and usually are sweet scented.

Pennsylvania, Aug. 10, 1942

My Dear Mr. Van Bourgondien:
Please accept my enclosed check for your Dutch War Relief.

For so many years I have enjoyed your fine bulbs and, to quote your letter, you have my continued good wishes.

Very sincerely,

CATHARINE R. MILLER

New York, April 7, 1943

Gentlemen: Last fall I purchased some Hyacinth bulbs from you, and just thought I would write you a few lines to let you know that I have never seen finer bulbs. They are now in full bloom.

I wish you would let me know as soon as you know if you are going to have any of these bulbs next fall, also forcing Tulips and Narcissus.

Also please send me a catalog if you publish any.

Very truly yours,

GEORGE F. SINRAM

New York, March 5, 1943

Dear Sirs: By coincidence, in the same mail in which I received your circular, I also received a letter from my mother in California, for whom I had ordered some of your choice Hyacinths and Tulips last fall.

She states that the Hyacinths are perfect specimens, huge in size and every one in full bloom. The Tulips are about ready to open and seem to be in a flourishing condition. I think this speaks well for your products, and, after reading your circular, I feel I would like to send my mother a gift of four Clematis vines—if you are confident they can be shipped so far in good condition. If not, kindly return my check (enclosed in this letter).

Very truly,

MISS FREDA J. KOENIG

Washington, June 26, 1942

Gentlemen: Enclosed is a money-order and order for bulbs. Your bulbs are magnificent and I wish the order could be larger. As it is, it seems a shame for me to take advantage of your early-order discount offer.

If it becomes necessary to make substitutions, I should prefer some pure white Tulips.

Very truly yours,

MISS JULIA M. SCHMITZ

New Hampshire, June 11, 1942 .

Dear Sirs: My thanks for the returned check. I am much disappointed not to have Larkspur.

Are you sending out bulbs for fall planting this year? Please let me know and send list if possible. My Tulips were splendid this year and the Columbine you sent me last year is very beautiful at this moment! With all good wishes for your "American-grown" bulbs and great respect for your valiant spirit, I am, always respectfully,

MARY JOSSELYN McKEY

Maryland, Wednesday

Dear Sirs: Will you have Tulip bulbs this year? Please send me your booklet. Thank you.

Very truly yours,

MRS. JOSEPH LAPIDES

The garden was best this year. Your bulbs were the finest I've had.

New York, Feb. 25, 1943

Gentlemen: The Hyacinths purchased from you last fall for window culture were extra nice. One lady writes me she had 16-inch spikes, also a second spike not so tall on Myosotis and Haarlem. I have Thalia Narcissus open, a lovely thing.

Yours truly,
BESSIE M. CHALKER

Gentlemen: I would like to tell you that the first bulbs I received from you were the best I have ever planted, and the most beautiful.

Yours truly,
MRS. K. P. MOTTER

California, Oct. 24, 1942

Gentlemen: The bulbs arrived in good condition. The Tulips are as fine as those we used to receive from Holland. A little smaller perhaps, but the same fine quality. You are to be congratulated on perpetuating them in the United States. To me one of the saddest things of the present war is the destruction of the fine fields of Tulips in Holland and the enslavement of her people. A peace-loving, industrious people robbed of their homes and their livelihood. May it soon be over. The Iris came through in good shape, too.

Wishing you success in your work, I am,

Yours very truly,

VICTORIA C. SCOTT

Michigan, April 5, 1943

Dear Sir: As I had such wonderful Begonias from you before—one red measured six inches across grown in a pot—I hereby enclose one dollar for same again, single or double does not matter, but surely a white one and pink if you have them. Send them when danger of frost is past, and a dollar's worth. Use your judgment.

Sincerely your pleased customer,
MRS. WILLIAM GESELL

New Jersey, March 3, 1943

Dear Sirs: I saw your advertisement in the Herald-Tribune and want two of these Tuber-Rooted Begonias. I have had your Begonias for several years and I love them. Many people enjoy seeing them, too, and I have taken the blooms to flower shows where they create quite a sensation. I have lost my lovely big white double one. So please make one tuber the white double one, and the red double one, or any color, I am not particular. Your bulbs are always very good and I have grand luck with them all.

Yours truly,

MRS. VERNON WORTMAN

Michigan, Nov. 18, 1942

Dear Sir: I have received my replacement order of Lily bulbs.

I have dealt with many nurseries and have had occasion to ask for replacement, but your firm is the first to send such first-class merchandise. The bulbs were truly splendid in size. I planted them with due regard for proper drainage and if they don't produce magnificent blooms, it will be no one's fault but my own.

I wish to thank you for "bending over backward" to please a customer—I appreciate it.

Sincerely,
MRS. H. LUCIER

Rhode Island, Nov. 30, 1942

Dear Sirs: Thank you for your courteous and generous response to my complaint about Daffodils.

The replacements are already planted and covered.

I always come here and have to do it early when I have the leaves—earlier indeed than is usually advised but it does not seem to do any harm.

My annual order is never large but I have had some very pleasing displays of your bulbs in my borders—attractive enough often to bring friends and strangers too with their cameras.

Thanking you again for making good on the soft bulbs.

Very truly,
MISS HELEN G. SMYTHE

DAFFODILS for NATURALIZING

Hundreds of thousands of Daffodils are used yearly for this purpose, because when once planted they continue without any care to give you immeasurable joy year after year.

Numerous varieties have proved very successful for this purpose and we will use no others. Practically all types of Daffodils contain some varieties suitable for this purpose, thereby increasing the number of varieties and adding greatly to the desire of naturalizing Daffodils.

Selected mother bulbs, 50c per doz.; \$3.75 per 100; \$35.00 per 1000.

English Iris (Bulbous)

For Outdoor Planting Only—Mixed Colors

Although called English Iris, this lovely bulbous Iris originally came from the alpine meadows of the Pyrenees. In the sixteenth century it made itself at home in England, hence its name. It is extremely hardy and loves a cool, moist soil.

The English Iris have been almost non-existent in the United States, and could not be imported. Fortunately, we located a farm in Michigan where these Iris can be grown to perfection. Price: \$1.00 per doz.; \$7.00 per 100; \$65.00 per 1000.

Chionodoxa

Leucojum Vernum

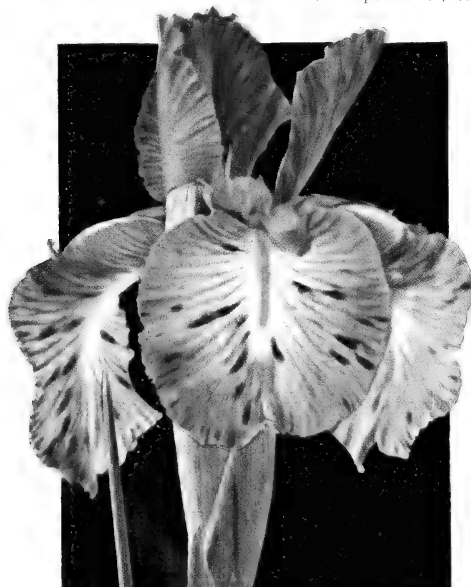

(Spring Snowflake)

This pretty bulbous plant is similar to the Snowdrop but of larger, stronger and more attractive habit. In rich soil it grows to a height of 8 inches and produces, in late April, beautiful large white flowers, tipped with green; excellent for cutting. 85c per doz.; \$6.50 per 100.

Mertensia Virginica

(Virginia Blue Bells)

A beautiful hardy perennial that should be planted with Daffodils for contrast. The flower buds are pink, opening into lovely dainty flowers of porcelain-blue, borne in nodding clusters. This beautiful spring flower starts blooming along with Daffodils and lingers to frolic with the May-flowering Tulips. Delightful in the open border or along woody paths. Choice Selected Roots for the garden for naturalizing: Each, 20c; \$2.20 per doz.; \$17.00 per 100.
